Application/Control Number: 09/396,244

Art Unit: 2625

1. Claims 1, 3, 5-11, 13-27, 32, 34-40, and 45-48 are allowed. Claims 17, 22 and 24 are independent (see claims in the amendment filed March 3, 2005).

- 2. The corrected drawing Figs. 44-46 have been approved by the Examiner.
- 3. Applicant is reminded that, in the future, a response to an Office action should have the title "RESPONSE" or "AMENDMENT" in order for the response or amendment to be entered in the PTO PALM system as a response or amendment responsive to an examiner's Office action, even if the response contains only corrected drawings and Applicant's remarks as is in the instant case.

In Applicant's communication filed May 22, 2006, the letter entitled "SUBMISSION OF FORMAL DRAWINGS" was entered in PALM and e-Dan as "Miscellaneously letter" and "Drawings", not as a response. Therefore, the application stayed in the Examiner's "rejected case docket for a long time until the Examiner recently checked the docket and had the correction made by the L.I.E (docket clerk) so that the application is transferred to the "Amended case docket to be worked on.

4. The following is an examiner's statement of reasons for allowance:

Independent claims 17, 22 and 24 each require an operation mode that skips a scan of the transparent original image irradiated with the invisible light before or after

Application/Control Number: 09/396,244 Page 3

Art Unit: 2625

executing a scan of the transparent original image irradiated with visible light is selectable. This feature in combination with other limitations of any of claims 17, 22 and 24 is not taught by the prior art of record, including Edgar et al. (U.S. Patent No. 6,590,679) submitted by Applicant on January 23, 2006, which was cited by the examiner in a December 14, 2005 Office action in a related (DIV) application serial number 10/974,522, and Edgar (U.S. Patent No. 5,266,805), cited by Applicant.

Claims 1, 3, 5-8, 11, 13-16, 18-20, 25-27, 32, and 36--40 depend on claim 17, directly or indirectly. Claims 2, 21, 34, 45, and 46 depend on claim 22. Claims 10, 23, 35, 47, and 48 depend on claim 24.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Cheukfan Lee whose telephone number is (571) 272-7407. The examiner can normally be reached on 9:30 a.m. to 6:00 p.m., Mon-Fri.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Edward L. Coles can be reached on (571) 272-7402. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
